**2004 Fall Conference - "Government and Private Agencies Working Together for Better Pavements", October 18 -21**

Seven people from five agencies have registered to date.

Matt will contact each presenter.

Monday evening there will be a get-together at The Swiss.

The ship tour has been changed from Tuesday to Wednesday.

Vouchers will be given to the registrants for the buffet; we are not charged for unused vouchers.

The Sheraton is giving us a free room for lunch on Tuesday, lunch will be an hour and a half to allow time for announcements, among them the presentation of the new board.

Wednesday we will break early for the project tour, we will be using the transit from the hotel to the ship.

The agenda will be publicized on the web.

The opening session will be around 30 minutes long and ideas are needed.

Suggestions anyone?

Matt will be sending reminders of the conference via email and mailings, the agenda will be attached.

Kudos to Matt for his organization and time spent on this agenda.
